

RANTA CONSTRUCTION, Inc.

Ranta Construction, Inc., a builder of custom homes in the Telluride area, believes in putting the owners interest first. We are dedicated to efficient project management, communication, and job cost analysis performed with integrity. We provide a product excelling in fine craftsmanship; every detail counts.

Allan and Becky Ranta

Home builders in the Telluride area for more than thirty five years, take pride in their ability to interpret, analyze, clarify, and execute all the particulars your project encompasses. They know well the meaning of fine workmanship and deliver nothing less. They see beauty in the details and that is what makes the difference.

Becky, a licensed CPA, personally manages the financial aspects of each project. Each month she provides a detailed analysis of project costs, comparing actual costs to itemized costs, and identifies the variances. This analysis provides the information necessary for timely decision making and efficient project management.

Allan personally manages all aspects of projects. His years of experience and on site supervision is invaluable to the success of any project.

Over 60 homes in the Telluride region are Ranta built

From the team at Ranta Construction, Inc. the following pictures are more than just expressions of fine workmanship, they are reminders of friendships built, which is a true measure of a job well done. See the details that make a difference. gallery
